

## 'EASY FOLDED PONCHO': Ombé Version

### Instructions for re-yarning your Churchmouse Classics 'Easy Folded Poncho' pattern with ombé-style shading using Isager Spinni Wool 1.

*Our easy-to-make (and wear!) poncho dressed up with subtle ombé-style color shading in a crisp, yet supple, wool.*

- Yarn:** 8 skeins Isager Spinni Wool 1 (330 yds/302m each): 4 skeins each in 2 colors, Color A and Color B.  
Or approx. 2640 yds/2414m total (or 1320 yds/1207m each in 2 colors) of an equivalent lace-weight yarn.  
*Notes: Yarn is held triple-stranded throughout. Our sample used Color 13s as A and Color 10s as B. Whichever color you designate as 'A' will appear at both ends, while color 'B' will be the one that wraps around the fold when your finished poncho is folded and seamed. Choose different shades of the same color family for a gentle gradient effect, or cross the color wheel to produce a tweedier mix and more contrast. It's fun either way!*
- Notions:** Second locking marker.

---

*Please refer to the original pattern for complete instructions.  
Only changes are covered in this adaptation. Read original instructions thoroughly.*

- Ombé shading:** *Notes: You will be using a triple strand of yarn throughout. At some point you may need to divide a skein into three balls to comfortably triple strand. We began pulling from the inside and outside of one ball, plus a third strand from a second ball. Some color changes can be very subtle, so use the extra locking marker to designate the beginning of each section for easy measuring.*

Work original pattern (stockinette stitch with slipped st edges) in the following color sequence:

- Section 1: AAA (a triple strand of Color A) until work measures approx. 6¼"/16cm.  
Section 2: AAB (a double strand of Color A and a single strand of Color B) for approx. 6¼"/16cm. (Work measures approx. 12½"/32cm total.)  
Section 3: ABB for approx. 6¼"/16cm. (Work measures approx. 18¾"/48cm total.)  
Section 4: BBB for approx. 12½"/32cm. (Work measures approx. 31¼"/80cm total.)  
Section 5: BBA for approx. 6¼"/16cm. (Work measures approx. 37½"/95cm total.)  
Section 6: BAA for approx. 6¼"/16cm. (Work measures approx. 43¾"/111cm total.)  
Section 7: AAA for approx. 6¼"/16cm. (Work measures approx. 50"/127cm total.)
