

‘EASY FOLDED PONCHO’: Ribbed Cowl Version
Instructions for working a K2/P2 ribbed cowl on your
Churchmouse Classics ‘Easy Folded Poncho’ in Rowan *Fine Tweed Haze*.

Finished Size:	Same as original.
Yarn:	5 skeins Rowan Fine Tweed Haze (235 yds/215m each). Or approx. 1000 yds/915m of an equivalent DK-weight yarn.
Needles & Notions:	Poncho Body: US 6 (4mm) needles, or size to obtain gauge. Ribbed Cowl: US 4 (3.5mm) 16"/40cm circular needle, or 2 sizes smaller than gauge needle.
Glossary:	K = knit; P = purl.

*Please refer to the original pattern for complete instructions.
Only changes are covered in this adaptation.*

Tip: We recommend you swatch and note your blocked row gauge. If your row gauge differs from the original pattern, note your gauge per inch/cm and multiply that by 50"/127cm to determine total number of rows to work for the poncho body.

Cast-on:	Complete poncho as directed in original pattern through shoulder seam.
Ribbed Cowl:	With <u>smaller circular needle</u> and RS facing, beginning at shoulder seam, pick up and knit 120 sts (approx. 3 sts for every 4 rows). <i>Note: If your stitch count is off by a few, increase or decrease evenly across the following round to achieve 120 sts.</i> Place marker at beginning of round and join. <u>Round 1:</u> *K2, P2*; repeat between * * to end. [120 sts] Repeat Round 1 until cowl measures approx. 8"/20cm, or desired length, from neck edge.
Bind off:	Continuing with smaller needle, bind off in pattern, matching tension of work so bind off edge doesn't pull in or flare out.
Finishing:	Using a press cloth, steam cowl lightly; do <u>not</u> press. Weave in ends as invisibly as possible.
